5. RATES

The service offered by COSEPURI provides the chance for the CLIENT to be accompanied, in addition to the single transfer, even to other destinations with one or more stops, with corresponding waiting times.

The cost of the car rental service with driver offered by COSEPURI, as well as being composed of fixed and variable costs (among them, the fuel, notoriously subject to fluctuations), comes from the cross-application of an hourly rate

and a kilometer rate in accordance with the following methods: the amounts relating to urban and suburban services are calculated taking into account the mileage and the round trip time.

Based on the official data collected monthly by the Ministry for Economic Development, in the event of increases in fuel costs of more than 10% compared to the price in force on January 1st of each year, COSEPURI reserves the right to apply during the year an adjustment to the proposed rates proportional to the recorded variation.

The cost of the service is expressed in Euro, including the taxes applied (including VAT, rate according to law).

For each hour of service, 18 km of travel are still charged.

COSEPURI adopts a price list expressing the costs charged on the basis of the parameters indicated above, attached to these General Conditions and intended as an integral part thereof.

For URBAN TRANSFERS must be understood those made with departure and arrival within the territory of the city where the service is required and neighboring towns (meaning bordering with the municipal territory of the city).

At the end of each year, the existing rates may undergo an adjustment and lead to the replacement of the price list up to that moment in force.

a) Basic rates

The proposed base rates refer to the use of a sedan-type car with driver, fit for carrying up to 4 passengers.

b) Any extras and/or special conditions for the provision of the service

- **Station wagon cars:** as per request for services to be provided by station wagon cars, a fixed supplement of € 5.00 will be applied to the proposed rates.
- **Higher category cars:** as per the request for services to be carried out by cars of the "F" segment (Mercedes S Class or similar), a 45% surcharge will be applied on the proposed rates, with a minimum cost of 2 hours of service.
- **Minivan:** as per the request for services to be carried out by minivans fit for transporting 5 to 8 passengers, a 20% surcharge will be applied on the proposed rates, with a minimum cost of 45 minutes.
- **Nightly rates:** from 10.00 PM to 06.00 AM, a 20% surcharge will be applied on the proposed rates.
- **Sundays and Holidays rates:** on Sundays and Holidays, a 20% surcharge will be applied on the proposed rates (with the exception of suburban services outside the city where the service is required or outside its neighboring towns).
- **Any promotions: not available through the online booking service. In particular:**

a) **Accompanying service from/to the theater:** this service can only be booked by telephone, therefore it remains excluded from the application of these General Conditions. This service may involve the use of special discounts in favor of the applicants. Any envisaged discounts will be illustrated to the applicants during the telephone reservation of the accompanying service to the theater;

Therefore, these Conditions will not apply to such telephone bookings.

Advance online booking is not subject to any additional charge.

The proposed fares include: car rental, driver labor, consumption (fuel, lubricants, antifreezes, etc.), third party insurance.

c) Any additional costs

Any expenses necessary for the services (driver's board and lodging, motorway or airport tolls, crossings, ferries, tunnels, car parks, check-points etc.) must be considered excluded from the proposed rates and payable by the CLIENT, who will liquidate them upon presentation of adequate supporting documentation.

d) Increases

If the CLIENT, at the time of the pick up, accumulates a delay exceeding ten minutes the original schedule, with a corresponding waiting time for the driver, an additional charge of € 3.00 including VAT for each 10 minutes fraction (up to 60) will be applied to the amount of the service, starting from the 11th minute of waiting.

The supplement will be applied for each fraction of min. 10 at the top of the fraction, regardless of the effective achievement of total 10 minutes additional waiting time.

6. SERVICE BOOKING PROCEDURE

Before proceeding with the services reservation, the CLIENTS will register their personal data on the website www.cosepuri.it². Then, they receive by COSEPURI a welcome e-mail with a summary of the login credentials and the personal data provided for the use of the site's services; in the event that the CLIENTS verify errors or need to update their data, they can at any time access their account from the "Personal Data" menu and proceed with the update.

It is possible to access the reservation of the services through two areas of the website in the fixed headline menu: "Customer Area" (accessible only after registration) and "Quotation and Booking" (accessible even without a registered profile, but still requesting registration before the booking/purchase).

The web booking procedure is organized as follows:

STEP 1:

a) In the "Quotation and Booking" area (where CLIENTS can access with their own credentials also from the Customer Area, if registered), the CLIENTS can book the service choosing between two different possibilities: choosing any car or choosing type and/or number of cars (in the case of service in favor of groups and/or groups of more than 4 people).

In case of selection of the second option (type and number of cars), the CLIENTS, through the automatic opening of a "drop-down" menu, has the possibility to view the specific types of cars offered (sedan, station wagon, minivan), minivan, Mercedes S Class³).

b) Once the type of service has been selected, the CLIENTS chooses the date and time required for the pick-up. Nota bene: in case of request of a sedan car (up to 4 passengers), the reservation must be made with a notice of not less than 30 minutes in the province of Bologna and 60 minutes outside the province of Bologna, while the notice required for of a minivan car (from 5 to 8 passengers) booking must not be less than 24 hours in any city. Then, the CLIENTS have the possibility to insert in an appropriate field "NOTES" any additional information, where appropriate and/or useful for the best fruition of the service by the CLIENTS themselves (eg. indications for finding a poorly visible house number, presence of baggage and/or particular and cumbersome equipment – eg. ski - to prevent the vehicle from being not suitable for the execution of the service⁴, etc.)

² In the absence of registration, it is also possible to request an estimate of the desired service by accessing the "Quotation and booking" area in the fixed menu.

³ Service that cannot be booked and/or purchased online, but only through the COSEPURI Call Center Tel. +39 051/519090. On the other hand, on the website it is possible to ask for a quotation filling a form and the booking confirmation can be made by telephone (see also article 4.lett e) point 3 of these General Conditions)

⁴ It is at drivers' discretion to load on cars unwanted objects/suitcases that are not declared or that do not respect safe transport conditions (damaged or dirty baggage, etc.)

c) The procedure, then, continues with the choice by the CLIENTS among the types of available transfer (one way trip and/or car at clients' hourly disposal for multiple routes and/or more stops with waiting time).

d) Having made this further choice, the CLIENTS insert the address for the pick up: through an additional "drop-down" menu it is possible to select some predetermined "Points of interest" (eg railway station, airport, etc.) or, without selecting any of them, type the specific delivery address.

Then, the CLIENTS can insert the destination address or only the pick up address.

STEP 2:

In case of indication of the pick up address only: the CLIENTS, after displaying a brief summary of the requested service (type and number of cars if specified, date, time and pick up address), can evaluate whether to request additional services and/or optionals referred to in paragraph 4 of these General Conditions and Terms. Then, they are invited to read these General Conditions and Terms, available in PDF format before booking, and to accept them by placing a flag in the box indicated on the site, after which, lastly, they can proceed with the booking by clicking on the "BOOK NOW - I will pay to the driver" button⁵;

- In case of indication of the final destination: the CLIENTS, after displaying a brief summary of the requested service (type and number of cars if specified, date, time and pick up address), can evaluate whether to request additional services and/or optionals referred to in paragraph 4 of these General Conditions and Terms. Then, having already indicated the point of arrival, any stops and/or further intermediate routes previous to the final destination, has the chance to obtain a quotation.

Similarly to the previous point, after reading and approving these General Conditions and Terms by placing a flag in the box indicated on the site, CLIENTS can proceed to the booking and payment.

The website allows the CLIENTS to proceed only with the booking and to pay the transfer service directly to the driver at the end of the desired route (by clicking on the "BOOK NOW - I will pay to the driver" button) or it allows also to make the online payment according to the manner illustrated in the following point 10).

STEP 3:

The CLIENTS, after having booked and/or purchased online, can see a confirmation screen of the booking/purchase, together with indications for any cancellation of the requested service (according to the conditions illustrated in more detail in the following article 11).

They also receive an e-mail - automatically generated by the website - confirming the booking.

In the e-mail confirmation, COSEPURI provides the CLIENTS with the following information:

⁵ The failure to indicate a destination address does not allow the formulation of a quotation, but still allows the CLIENT to book the service and pay on board at the end of the journey.
